

## Automatic Soap Dispenser

### PRODUCT FEATURES

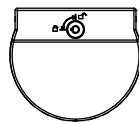

- Touch-free operation for optimum personal hygiene
- Sleek spout from durable and rust-resistant solid brass material
- Anti-drip spout prevents leakage and keeps lavatory clean
- Visible LED indicator signal when battery power is low
- Automatic adjustment on suitable sensing distance
- Removable liquid tank and nozzle for fuss-free maintenance
- Separated liquid tank and electronic module prevents damage from seepage
- Simple locking mechanism for easy refill
- Soap level indicator window
- AC operated and battery option available

### PRODUCT SPECIFICATIONS

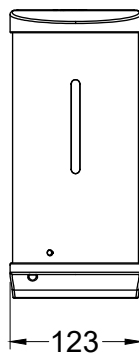

- |                            |                                    |
|----------------------------|------------------------------------|
| • Installation type        | : Wall Mounted                     |
| • Dimension                | : 123(L) x 106(W) x 270(H)mm       |
| • Material                 | : Stainless steel 304              |
| • Power input              | : 100-240V (AC)                    |
|                            | : Alkaline (1.5V) AA Type x 4 (DC) |
| • Soap bottle capacity     | : 800ml                            |
| • Soap pump life estimated | : 100K cycles                      |
| • Sensor range             | : 60mm ±38mm                       |
| • Dispensing volume        | : 0.8 – 1.1ml                      |
| • Battery life estimated   | : 25K cycles or 1 year             |
